Pudhumai Penn & Tamil Pudhalvan

UMIS online application guide • Official portal screenshots supplied by the user

Scope and screenshot note: This guide uses the two real screenshots you supplied: the UMIS home page and login page. The steps after sign-in are described without inventing unseen menu/button names. The post-login screens were not supplied and require your own UMIS login.

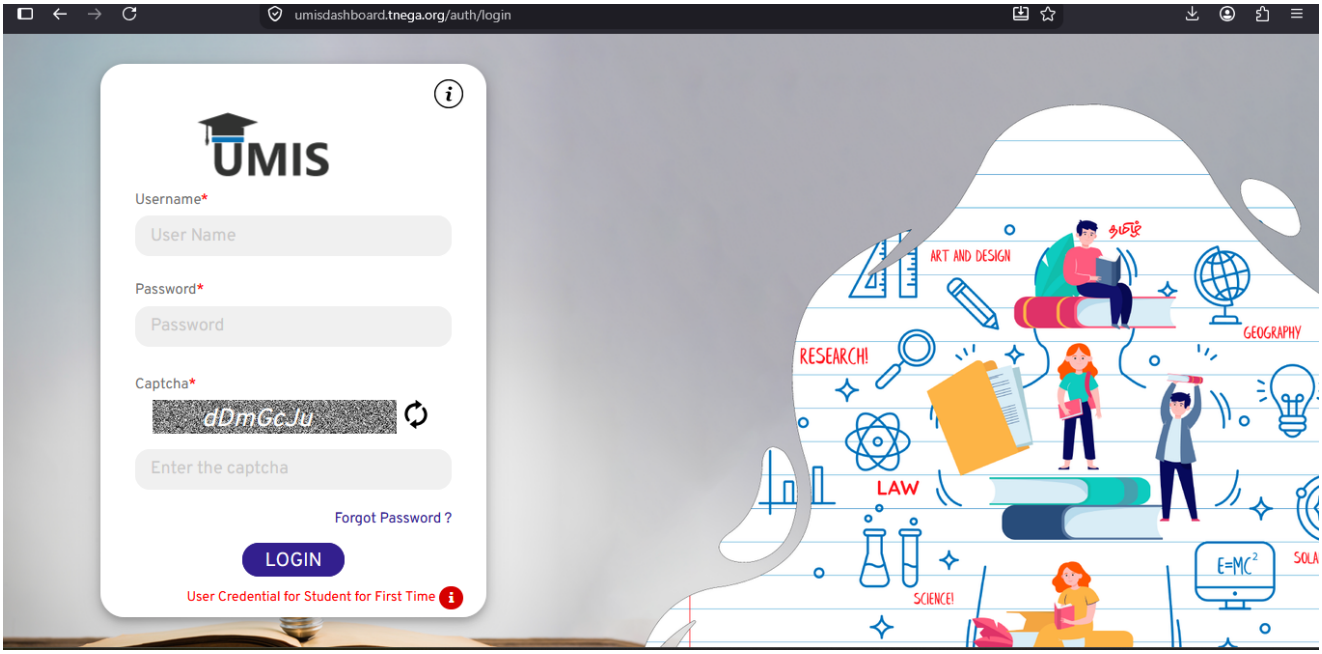

1. Open the official UMIS portal

Open https://umisdashboard.tnega.org/home. Confirm the address is the official UMIS domain before entering credentials.

Screenshot 1 — UMIS homepage (provided screenshot). Select Login to proceed.

2. Sign in to UMIS

Screenshot 2 — UMIS login page (provided screenshot).

3. Sign in and locate the scheme application

Step 1. On the UMIS login page, enter the username and password provided/registered for your student account.

Step 2. Enter the captcha exactly as displayed. If it is unreadable, use the refresh icon beside it.

Step 3. Select LOGIN. If login fails, check the credentials/captcha and use the portal's password recovery or official support route.

Step 4. After signing in, look for the student scheme/application area available in your account. Open the application for Pudhumai Penn (eligible girl students) or Tamil Pudhalvan (eligible boy students), as applicable. The exact post-login menu labels can vary and are not visible in the supplied screenshots.

Step 5. Review the pre-filled student, college and bank details. Correct any mismatch through the college/portal process before submitting.

Step 6. Complete the fields shown by the live application form and upload the requested supporting documents. Follow the file type/size rules displayed on that page.

Step 7. Review the completed application carefully and use the submit/confirm control shown by the portal. Save or screenshot any acknowledgement/reference number.

Step 8. The college/institute verifies and forwards the application. Keep checking the portal or contact the college UMIS Nodal Officer if the application is pending or the scheme option is not visible.

4. Documents to keep ready

The Tamil Nadu government institute guidance lists the following documents for both schemes:

Document	Purpose / note
School study certificate / school records	Evidence of schooling in Classes 6–12 in the qualifying school category.
Community certificate	Keep a readable copy ready if requested by the portal/institute.
Income certificate	Keep a current copy ready if requested.
Student bank passbook	Check that the account is active and the account-holder name matches student records.
Aadhaar card	Check that name/date of birth details match student records.
College admission proof / bonafide certificate	Evidence of current higher-education admission.

Important: The live portal may request additional or different documents. Follow the checklist displayed in your own application and your college's instructions. Do not share your password or OTP with anyone.

5. If you need offline assistance

Where to go: Your own college/institute office — usually the Academic Section or the office handling student scheme applications.

Whom to ask for: The college UMIS Nodal Officer or the designated scheme/application Nodal Officer. Ask the college office to direct you to the officer responsible for Pudhumai Penn / Tamil Pudhalvan applications.

Bring the documents listed on page 2 and your UMIS/student details. The institute assists in verifying and forwarding applications; it does not mean approval or payment is guaranteed.

6. Eligibility reminder

Pudhumai Penn: The cited government institute guidance describes eligibility for girl students who studied Classes 6–12 continuously in Government schools or Government-aided Tamil-medium schools.

Tamil Pudhalvan: The cited government institute guidance describes eligibility for boy students who studied Classes 6–12 continuously in Government schools or Government-aided Tamil-medium schools.

Check the current official scheme rules and the eligibility confirmation in UMIS before applying; requirements can be updated.

7. Official links and sources

UMIS official portal: https://umisdashboard.tnega.org/home

Government institute scheme guidance: https://tils.tn.gov.in/schemes

Central University of Tamil Nadu UMIS circular (document list / institute contact context): UMIS circular PDF

What this PDF does not claim: It does not show a real post-login application form screenshot or guarantee that a particular menu label appears for every student. To add those exact screens, capture them after logging in, hide personal information, and provide the screenshots.
